Black Lead Pencils With Oversize Tips

Assorted Colored Erasers

- 1172A DART, hexagon, black polish with light pinstriped edges in assorted colors, fitted with a chisel shaped, oversize eraser in assorted colors to match polishes of pinstripes. The eraser can be used down to the very end of the pencil — no protruding gilt tip to hold eraser; flat dozens, ½ gross in flat display carton.

Adjustable Sleeve Eraser

- 1177 RE-NU-RUB. Hexagon, assorted polishes with pinstriped edges of contrasting colors and silver, gilt tip and red eraser. A cylindrically shaped, red, oversize sleeve-style eraser, than can be adjusted as it wears down, is fitted over the regular tip. It cannot scratch the paper when making erasures. Packed flat dozens, ½ gross in a flat display carton.

All Eraser — No Metal

- 179A TROJAN. Hexagon, bright assorted polishes with silver pinstriped edges. The oversize red eraser is colored half black to resemble a metal tip—it's all eraser—there is no metal tip. Flat dozens, ½ gross in a flat display carton.

Black Lead Pencils with Oversize Tips

- 1275A TOMAHAWK, hexagon, assorted polishes, oversize gilt tip, oversize red eraser; wrapped flat dozens, 1/2 gross in a flat display carton.

- 265 MARIGOLD, hexagon with rounded corners, yellow polish, gilt oversize tip, red oversize eraser; wrapped flat dozens, 1/2 gross in a carton.

- 1179A ELITE, hexagon, assorted brilliant polishes with silver pin-striped edges, oversize gilt tip, oversize red eraser; 1/2 gross in flat display carton.

- 1171A PANEL, hexagon, black polish, with assorted light pinstriped edges, gilt oversize tip, red oversize eraser, flat dozens, 1/2 gross in flat display carton.

- 3803A TINSEL TINT, hexagon, assorted brilliant finishes, oversize gilt tip, red oversize eraser, flat dozens, 1/2 gross in flat carton.

Black Lead Pencils With Rubber Tips

- 240 MARIGOLD, hexagon with rounded corners, yellow polish, gilt tip, red eraser, degrees 2, 2 3/8=F and 3; wrapped flat dozens, 1/2 gross in a carton.
- 225 MARIGOLD, round, yellow polish, gilt tip, red eraser, degrees 2, 2 3/8=F and 3; wrapped flat dozens, 1/2 gross in a carton.

- 1174A COMEDY, hexagon, assorted marbled polishes, gilt tip, red eraser; flat dozens; 1/2 gross in a carton.

- 1178A PANEL, hexagon, assorted polishes with silver pinstriped edges, gilt tip, red eraser; flat dozens, 1/2 gross in a display carton.
- 1176A PANEL, hexagon, black polish with assorted light colored pinstriped edges, gilt tip, red eraser, flat dozens, 1/2 gross in carton.

- 1175A TOMAHAWK, hexagon, assorted polishes, gilt tip, red eraser; packed flat dozens, 1/2 gross in a flat display carton.

Black Lead Pencils With Rubber Tips

- 2500 PUBLIC. Hexagon with rounded corners, yellow polish, gilt tip, red eraser, degrees 2, $2\frac{3}{8}$ =F and 3. Wrapped flat dozens, $\frac{1}{2}$ gross in a carton.

- 1181 TRAFFIC. Hexagon, assorted polishes, gilt tip, red eraser; $\frac{1}{2}$ gross loose in a carton.

- 156 COLONEL, hexagon, assorted polishes, nickel tip, gray eraser; $\frac{1}{2}$ gross loose in a carton.
- 142 COLONEL, round, assorted polishes, nickel tip, gray eraser; $\frac{1}{2}$ gross loose in a carton.

- 1143 DERBY, 6 inches long, assorted round and hexagon, assorted polishes, nickel tip, gray eraser; 1 gross loose in a carton.

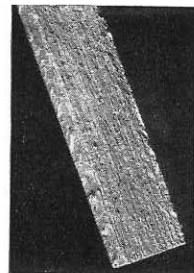

- 547 DASH, round, cedar polished, gray inserted eraser; wrapped square dozens, 1 gross in a carton.

Microtomic Van Dyke Pencil

MICROTOMIC VAN DYKE DRAWING PENCIL

A revolutionary chemical process that resolves smooth flakes of crystalline graphite into particles of near-atomic minuteness is responsible for this exceptional drawing pencil. The illustrations show comparisons between MICROTOMIC VAN DYKE and other Drawing Pencils of the highest quality. They serve as convincing proof that this chemical process has produced:

- (1) Leads that are absolutely smooth. Always free from grit and impurities.
- (2) Leads that are accurately graded throughout, in each of the 18 degrees.
- (3) Leads that are stronger and will not crumble or smudge.
- (4) Leads that make clean, clear lines giving complete coverage and uniform width.
- (5) Leads of greater density and depth of color. Excellent for photographic reproduction.

4H Microtomic Van Dyke lead, 15 magnifications. It is made fine and even by the new chemical process.

4H lead of another leading brand, magnified 15 diameters. Note rough uneven result of old mechanical process.

Microtomic Van Dyke Pencil

MICROTOMIC VAN DYKE DRAWING PENCIL

No. 600

Hexagon shape, yellow polish. The degree is stamped on **three** sides of the pencil for instant recognition.

Made in 18 degrees: 7B, 6B,

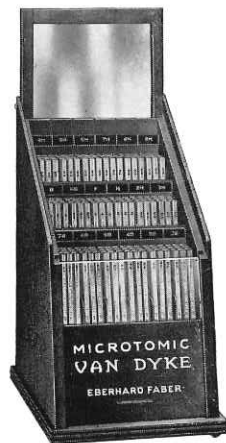

5B, 4B, 3B, 2B, B, HB, F,

H, 2H, 3H, 4H, 5H, 6H,

7H, 8H, 9H. Packed

1 dozen in a box;

½ gross in a
carton.

600D MICROTOMIC VAN DYKE
DISPLAY STAND. A walnut
counter stand with glass front and
sliding glass top; contains 18 dozen
Microtomic Van Dyke Drawing Pen-
cils, 1 dozen each degree 7B to 9H.

Microtomic Van Dyke Pencil

MICROTOMIC VAN DYKE DRAWING PENCIL

No. 600

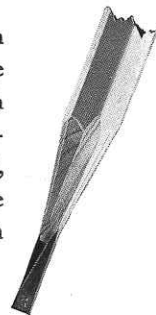

For Blue Prints or Black and White Prints

The MICROTOMIC VAN DYKE excels in the qualities essential for working directly with pencil on tracing paper or pencil tracing cloth because:

- (1) Microtomic Van Dyke lines are opaque and uniform. They give clean, even, white lines when used for blue print work.
- (2) Microtomic Van Dyke lines will not smudge. This prevents ragged blue print lines.
- (3) Microtomic Van Dyke lines can be erased cleanly and thoroughly. They eliminate blue print "ghosts."

CHISEL POINT

For the convenience of draftsmen who sharpen their pencils to a flat chisel shaped point, the MICROTOMIC VAN DYKE is also made with a flat, rectangular shaped lead, exactly as illustrated in the following degrees: 4B, 2B, HB, 2H, 4H, 6H. These degrees are also available in the usual round shaped lead. Packed 1 dozen in a box, ½ gross in a carton.

Black Lead Pencils Without Rubber Tips

- 481 MONGOL DRAWING PENCIL, hexagon, yellow polish, degrees: 2B, B, HB, F, H, 2H, 3H, 4H, 5H, 6H. 1 dozen in a box, ½ gross in a carton.
- 484 MONGOL DRAWING PENCIL, hexagon, yellow polish, degrees: 1, 2, 2½=F, 3, 4; packed flat dozens, ½ gross in a carton.

- 690 ROUND GILT, round, black polish, degrees 1, 2, 3, 4; 1 dozen in a box, ½ gross in a carton.

Tell the degree at a glance by the color

Compass Pencils

Eberhard Faber Compasses are especially designed for these purposes:

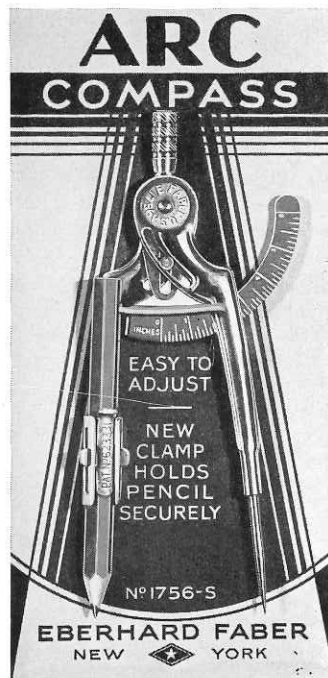

- (1) to insure accuracy
- (2) to make adjusting of pencil as easy as possible
- (3) to lock and hold pencil securely in position
- (4) to provide a clamp that will not dent or mar the pencil

These Compasses are made of excellent materials and the workmanship is backed by the experience of the Oldest Pencil Factory in America.

1756S ARC COMPASS, with protractor and patented clamp, which holds any regular diameter pencil firmly and without marring surface; fitted with half length Mongol Pencil with Complastic Lead; mounted one on a card, 1 dozen cards in a carton.

380C DIAL TELEPHONE PENCIL, short length, fancy polished pencil fitted into metal holder of assorted colors with eraser at one end and non-rotating ball convenient for use with dial telephone at other end. Each pencil comes with silk cord and tassel of matching color and is inserted into a transparent protecting envelope. Packed 1 dozen in an easel counter display box.

381C TEL-CALL, half length, hexagon, assorted pinstriped finishes, fitted with point protector with ball at one end for dial telephone; 1 dozen on a card protected by slip-over cover, 1/2 gross in a carton.

391 TELEPHONE, round, green polish, with nickel cap and ring; banded flat dozens, 1/2 gross in a carton.

Carpenters' Pencils

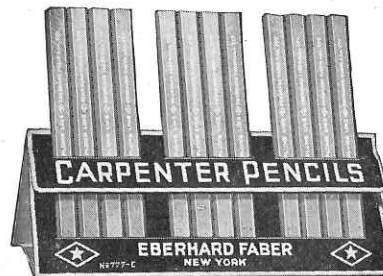

714 OVAL, red, 7 inches long, wrapped round dozens; 1/2 gross in a carton.

727 OVAL CEDAR, plain cedar polish, 7 inches long; wrapped round dozens; 1/2 gross in a carton.

777 PLUMB LINE, flat, octagon, yellow polish with red stripes, 7 inches long, hard lead; wrapped round dozens; 1/2 gross in a carton.

777E PLUMB LINE, 1 dozen No. 777 Pencils, hard lead, in an easel counter display, protected by slip-over cover, 1/2 gross in a carton.

Lumber Crayons and Fabricrayons

LUMBER CRAYONS

807 Dark Yellow	834 Soft Purple
811 Aluminum	837 Soft Yellow
825 Hard Blue	838 Soft Green
835 Soft Blue	830 Soft Black
826 Hard Red	840 Soft Graphite
836 Soft Red	850 Hard Graphite
827 Hard Yellow	831 Soft White
833 Soft Terra Cotta	

Hexagon, size as illustrated; packed 1 dozen in a wooden box, 1/4 gross in a carton.

"WET-RITE" LUMBER CRAYONS

Will mark on all lumber, wet or dry—fresh, sappy, "green" woods easily marked. Will also mark on smoothly planed or roughened surfaces.

8390 Black	8396 Red
8395 Blue	8397 Yellow

Hexagon, packed 1 dozen of a solid color in a wooden box, 1/4 gross in a carton.

"FABRICRAYONS"

An excellent marking medium for fabrics, canvas, and heavy materials such as upholstery and automobile tops. Two contrasting and distinguishable colors:

- 8240 PURPLE—for marking on light surfaces.
8270 YELLOW—for marking on dark surfaces.

Hexagon shape, packed 1 dozen of a color in a wooden box, 1/4 gross in a carton.

Special Marking Crayons

"GLAS-O-GRAPH" CRAYONS

For writing on cellophane, glassine, glass or other glazed surfaces.

Larger Size

Hexagon, actual size as illustrated.

191 White	196 Red
195 Blue	197 Yellow
	199 Black

1 dozen in a box, solid colors, 1/4 gross in a carton.

190 ASSORTMENT of 6 large size crayons (2 black, 1 each of the other colors). 1/2 dozen boxes in a carton.

Smaller Size

Hexagon, actual size as illustrated.

181 White	186 Red
185 Blue	187 Yellow
	189 Black

1 dozen in a box, solid colors, 1/4 gross in a carton.

180 ASSORTMENT of 6 small size crayons (2 black, 1 each of the other colors). 1/2 dozen boxes in a carton.

Special Marking Crayons

"DURAMARK" CRAYONS

A brushless paint in stick form.

As permanent as paint—marks will not rub or wash off when dry. "DURAMARK" Crayons will mark on any surface: wood, glass, cement, metals, rubber, leather, etc.

Hexagon shape, size as illustrated; 1 dozen sticks, solid color, in a box.

321 White	327 Yellow
325 Blue	328 Green
326 Red	329 Black

320 ASSORTMENT of 6 sticks, one of each color in a box.

LARGE WAX MARKING CRAYONS

Excellent for marking bundles, paper bags, cartons, boxes and all general purpose marking. Hexagon shape, unusually strong, long lasting, bright colors.

115 Blue 116 Red 117 Yellow 119 Black

Packed 1 dozen of a solid color in a carton.

Special Marking Crayons and Holder

"HOT-RITE" CRAYONS

An excellent crayon for marking on hot steel and other metals subjected to high temperature. Will not melt or "run" off. Unlike other crayons, these crayons may also be applied to cold metals and then be subjected to heat later without obliterating its marking. *Rubber before vulcanization* (as well as after) can be distinctly marked without fear of marks vanishing during the process of vulcanization.

"Hot-Rite" Crayons will mark on any surface.

Hexagon shape, size as illustrated.

311 White	317 Yellow
315 Blue	318 Green
316 Red	319 Black

1 dozen, solid colors, in a box.

1687 CRAYON HOLDER AND LENGTHENER. A 4" long, wooden holder with metal slide ring. Recommended for "Hot-Rite" Crayons as wood will not conduct heat to hand while using on hot metals. Also holds large size "Glas-O-Graph," "Duramark," Lumber, "Wet-Rite" and Large Wax Crayons. Packed 1 dozen in a box.

Noblot Ink Pencils

NOBLOT INK PENCILS

"a bottle of ink in a pencil"

A revolutionary pencil for permanent writing — as permanent as liquid ink—always convenient and reliable—nothing to get out of order. Strong, black smooth writing lead with the same fine qualities as the No. 482 MONGOL. This INK PENCIL has all the good qualities of ink. Absolutely safe to use — legal even for signing checks—defies erasure—liquid eradicators will not remove it.

705 NOBLOT INK PENCIL, hexagon with rounded corners, black steel polish, fitted with short length gilt mouthpiece and black band. Each pencil has stamped on it *"a bottle of ink in a pencil"*. Packed 1 dozen in a box, 1/2 gross in a carton.

705E NOBLOT INK PENCIL, 1 dozen pointed No. 705 pencils in an easel display, protected by a slip-over cover, 1/2 gross in a carton.

Handy size for pocket or purse

703 NOBLOT INK PENCIL, hexagon, with rounded corners, 3 1/2 inches long, black steel polish, fitted with gilt mouthpiece with black band and gilt point protector. Packed 1 dozen in a box, 1/2 gross in a carton.

Blu-Blak Ink Pencils

BLU-BLAK INK PENCIL

A Combination of Ink and Pencil

Theoretically, BLU-BLAK is a pencil—writes smoothly and *black* comparable to *any* quality *black* lead. It sharpens easily, holds its point and wears down slowly. Actually, it copies *blue* — like ink, but even more permanent — it defies erasure and cannot be removed with liquid eradicators.

Superior to the ordinary indelible copying pencil — writes blacker — is amazingly strong, and has a non-hygroscopic lead that is practically unaffected by humidity — it will not become soft, spongy or distorted.

740 BLU-BLAK INK PENCIL, round, fitted with gilt mouthpiece with distinctive black band. Made in 3 degrees, each polished differently for instant recognition. Packed 1 dozen in a box, 1/2 gross in a carton.

jewel colored leads.*

- 725 SAPPHIRE INDELIBLE, hexagon, blue polish, hard, blue indelible lead, black mouthpiece with gold band; 1 dozen in a box, 1/4 gross in a carton.
- 726 RUBY INDELIBLE, the same, red polish, red lead.
- 728 IVY INDELIBLE, the same, green polish, green lead.

VAN DYKE BLUEPRINT PENCILS

These pencils have strong, thin leads that will sharpen to a fine point for all detail work. Bright distinctive colors—will not smear or smudge. Will give intensely sharp even lines. White leads especially recommended for black results in photocopying and making white notations in "snapshot" albums.

Hexagon shape, polished to match color of lead; packed square dozens, 1/4 gross in a carton.

"Nupastel" Color Sticks

"NUPASTEL" COLOR STICKS

cleaner, stronger than pastels

"NUPASTELS" are square sticks measuring 3 3/8 inches long. Their varnished sides make them clean to handle. Their square shape offers many unusual treatments.

"NUPASTELS" are like pastels because:

1. They give the same effects as pastels.
2. The same technique is used to apply "NUPASTELS" as pastels.
3. Colors can be easily blended.
4. Drawings made with "NUPASTELS" can be treated with ordinary fixative.

"NUPASTELS" are different from pastels:

1. Cleaner to handle because their varnished sides protect your fingers.
2. Stronger and much firmer because they do not crumble to nearly the same extent as do ordinary pastels.
3. The amount of powder deposited by "NUPASTELS" is just right for gradations—not excessive so as to fill the air with fine dust-like particles.
4. The square shape of "NUPASTELS" offers various treatments otherwise not easily attained.

"NUPASTELS" are made in 48 colors and may be bought separately as well as in the assortment boxes. For complete list of colors see following page.

"Nupastel" Color Stick Assortments

"NUPASTEL" COLOR STICKS

"NUPASTELS" are square sticks measuring $3\frac{3}{8}$ inches long. Made in 48 colors, sold separately or in assortments. Packed 1 dozen of a color in a box.

274 "NUPASTEL" ASSORTMENT. A flat box containing one each of all 48 colors neatly arranged in two rows; $\frac{1}{4}$ dozen boxes in a carton.

Chalk Sketching Pencils and Sticks

CHALK SKETCHING PENCILS AND STICKS

Black, Sanguin and Sepia

Cleaner than charcoal—the BLACK CHALK SKETCHING PENCILS and STICKS are stronger, more durable and easier to handle.

For finer lines and details—the pencils. For mass drawing and sketching—the sticks.

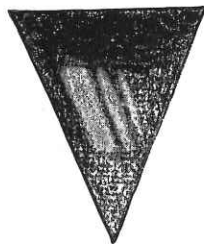

Easier to handle than charcoal, the square sticks, with their varnished sides, do not soil the fingers.

Smooth, giving a wide range of tones, from greys to intense blacks.

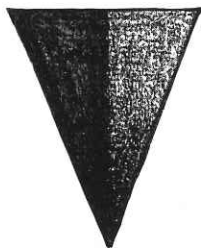

Economical, because they do not crumble.

Wash effects too—simply with brush and water.

SANGUIN—the reddish-brown color of the old masters (Sanguine or Pierre d'Italie).

Strokes made with Black Chalk Sketching Stick showing gradation of tones and highlights made with Eberhard Faber Kneaded Rubber.

Wash effect which can be made by the simple use of brush and water applied to strokes made with Black Chalk Sketching Stick.

Chalk Sketching Pencils and Sticks

- 230 BLACK CHALK SKETCHING PENCIL. Round, natural polish, degrees 3B Extra Soft, 2B Very Soft, B Soft, HB Medium Soft, H Hard; packed flat dozens, ½ gross in a carton. This pencil has more tenacity or "drag" on the surface of the paper than No. 231.
- 231 BLACK CHALK SKETCHING PENCIL. Round, natural polish, made in degrees 2B Very Soft, HB Medium Soft; packed flat dozens, ½ gross in a carton. This pencil is smoother and has less "drag" than No. 230.

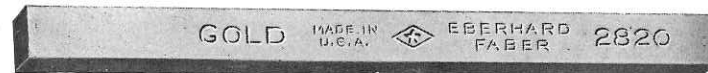

- 2826 SANGUIN CHALK SKETCHING PENCIL. Round, reddish-brown polish to match lead. Soft degree; packed 1 dozen in a box, ½ gross in a carton.

CHALK STICKS

- 2822 BLACK CHALK SKETCHING STICK. Square, 3¾ inches long, pointed, varnished sides, degrees: BBB Super Soft, No. 1 Soft, No. 2 Medium Soft; 1 dozen in an attractive box, 1 dozen boxes in a carton.
- 2823 SANGUIN CHALK SKETCHING STICK, square, reddish-brown color, 3¾ inches long, pointed, varnished sides, soft degree; packed 1 dozen in a box, 1 dozen boxes in a carton.
- 2833 SEPIA CHALK SKETCHING STICK, the same in sepia color.

**For quick
turnover—
quality
and
style**

New designs, special features and appealing color selections are constantly being added to our fountain pen and mechanical pencil lines.

Mongol, Permapoint (with extra thin lead) and several other items are already among today's fast selling, profit yielding headliners.

Fountain PENS . . .

**MECHANICAL PENCILS
THIN REFILL LEADS**

Since the year 1849, Eberhard Faber has been distributing writing materials of quality. To this objective, successive generations of the Faber family have lent their best efforts.

Our purpose at all times has been to offer our trade the best possible quality at a reasonable price. In our new line of Fountain Pens, Mechanical Pencils, and Thin Leads, we have striven to maintain this principle.

To our good friends and customers in the trade, we dedicate this catalog, in the hope that they will be well pleased with our new products, and that they will give us their customary good support in the distribution of these articles.

Richard Faber
